

e-Note to Be Forwarded to Latino Voters Who Are Undecided About Trump

Sample e-Note for Latinos to send to their Latino Friends

Dear [Fill in Your Friend's Name],

I'm sending this to you because we're friends and you need to know this.

A vote to re-elect Joe Biden is a vote against the interests of the Latino community.

Maybe you've seen and heard Biden's ads in Spanish. Biden is just using Latinos. He pretends he understands Latinos, but he doesn't. The Democrat's invention of the term "Latinx" is all the proof you need!

You and I are both voting because we're U.S. citizens. You know how hard you have to work, and how important safety and good education is to the Latino community.

Unlike Biden and the Democrats, Republicans support Charter Schools that provide good education for low-income and minority families that will bring about real opportunity, wealth, and happiness for us and our community.

And Republicans stand up for what they think is best for all Americans. You and I are U.S. citizens, so we're part of America - the America that Republicans are putting first.

I sympathize with the caravans of Latino people wanting to come here to have a chance at the American Dream by escaping socialist/Marxist dictatorships. But Biden would usher in those same dangerous policies and kill our jobs, cut our income, hurt our families, and make us line up for charity instead of being able to work. No thanks! Biden and the Democrats will take away our American Dream.

And its Republicans who also protect our religious liberty and our values. And Trump will keep our families safe by supporting police in our neighborhoods and locking up criminals.

They want to stop these school days for transgender strip and parade shows that threatens your child's family values.

And it was a Republican president that got the lowest unemployment rate ever for Latinos. You know what a strong work ethic we have. Republicans fight for workers, for jobs, and for fair trade deals that protect workers and their jobs.

We have to elect Republicans in 2024 to protect all we have worked so hard for.
