

Sample e-Letter for Conservatives to send to Fellow Conservatives

Hope all is well . . .

I wanted to share my concerns with you about Joe Biden and the New Democrats before Election Day.

A number of my close friends and neighbors tell me they won't vote for Trump because they don't like his personality. He's not "Presidential." Some like Vice President Pence but not Trump.

At the Real Clear Politics website, a reader recently said:

"Yes, President Trump's tweets are boisterous in nature and hurt him. Yes, he certainly has flaws. At least I know he will fight for my rights and has demonstrated a willingness to do so. That's why I'm voting for him. I can overlook everything else."

My concern is that their personal dislike for President Trump blinds them to the severe damage if they vote for Biden and he wins. They'll defeat Trump alright.

But they'll lose much more of true value to them. They'll lose the free and prosperous nation handed down as our American birthright by our parents and grandparents.

I hope you can see my point.

Joe Biden and his party of New Democrats are anti-God socialists/Marxists whose "to-do" list is toxic to American values and institutions:

- Pack the Supreme Court, adding 5-7 new justices, which will destroy our independent Judicial system;
- Abolish the Electoral College (so that mostly Democrat California, New Jersey, and New York determine who becomes President);
- Trillions of dollars in new Biden tax increases and reversal of the Trump middle class tax cuts (lowers family incomes and acts as an anchor dragging down economic growth);
- Green New Deal enacted to outlaw fossil fuel use (gas that powers your car and electricity-generating coal);
- Abolish ICE, (allowing open borders with unlimited unvetted immigrants lured here by their promised free healthcare);
- Allow abortion (and infanticide) up to the moment of birth;
- Force taxpayers to pay for abortions, including infanticide;
- The steady stream of illegals enjoying tax-paid healthcare bankrupts America;
- Citizenship, including voting rights, immediately given to 12-15 million illegals (who'll be beholden to radical Democrats for citizenship and free healthcare);
- Ballots mailed to all, allowing anyone to turn in other's ballots (leading to massive vote fraud by left-wingers out to keep power with no respect for our democracy);
- Requiring a photo ID to vote outlawed even though we must have them to drive, take out a loan, or get on a plane;

- Police budgets slashed and police overwhelmed, leading to unsafe homes and major increase in crime (burglaries, rape, murder, destruction of private property);
- The policy of blue governors and mayors to not arrest or prosecute violent criminals who riot, burn, and destroy will go on (and become national policy);
- Slavery “reparations”;
- Impose an anti-Catholic/Christian litmus test on all government nominations,;
- Give free paychecks even to those who refuse to work;
- Build high-rise, low-income housing in single-family suburban neighborhoods;
- Take away local zoning decisions and transfer them to federal bureaucrats;
- Private gun ownership outlawed even for self-defense from BLM and Antifa rioters;
- Not prosecute BLM and Antifa rioters.

Just think what happens to safety in our communities and law and order when voters who dislike Trump help elect, as President, Joe Biden to the highest law enforcement office in the nation. If Democrats defund the police, there will be a nationwide increase in crime. Maybe that’s why most all police unions and associations endorse Trump.

By then, my Trump disliking friends and neighbors will regret voting for Biden and Harris. **But it’ll be too late.** Biden will add radical justices to the Supreme Court who have no respect for the Constitution. Packing the Court with justices who’ll rubber stamp his every move allows Biden to permanently transform America into a nation none of us recognize or want to live in.

He and his fellow radical Democrats will also rig election laws against conservatives to keep the radical left in power forever. I take them at their word for what they promise to do.

This Biden/Harris “to-do” list has dire consequences affecting the American political system forever. Our generation has a duty to pass on the free and prosperous America we inherited to our own children and grandchildren.

I know the folks who dislike Trump personally don’t want to live in a Biden/Harris America. And I trust you don’t, either. I’ll keep trying to warn you and my other friends that a vote for Biden/Harris is a vote to destroy America.

Voters don’t have to like President Trump personally to vote for him. They lose their birthright of freedom if Biden wins. I hope that message resonates before they vote.

It points out how Joe Biden’s America puts our free and prosperous nation in danger. Please go ahead and forward my email or the video link to your friends and neighbors if you like.
